

99. LINKAGES BETWEEN CLIMATE CHANGE ADAPTATION & DISASTER RISK REDUCTION BY UNFCCC & UNDRR

ACTION AREA	CLIMATE RESILIENT DEVELOPMENT PATHWAYS
SOLUTION CLUSTER	INTEGRATED NATIONAL AND INTERNATIONAL POLICIES AND PLANS
THEMATIC AREA	INTEGRATING RESILIENCE IN, AND ALIGNING NAPs, NDCs, DRR AND SDGS IN NATIONAL POLICIES & PLANNING
SUBMITTED BY	AT5 CORE TEAM

WHAT IS THE RISK, SHOCK, STRESS THAT THE SOLUTION IS TRYING TO ADDRESS?

This solution relates to the SENDAI framework and NAPs and thus addresses climate related risks, shocks and stresses as well as building broad social, environmental and economic resilience to a range of risks.

HOW DOES THE SOLUTION IMPROVE OR ENHANCE RESILIENCE OF FOOD SYSTEMS?

This solution aims to improve food system resilience by supporting national teams to maximize synergy and coherence between activities on disaster risk reduction (DRR) under Sendai and adaptation activities in the NAP under the UNFCCC, within broader national development planning

IS THE SOLUTION RELEVANT TO BUILDING FOOD SYSTEMS RESILIENCE?

Anticipate shocks/risks/stress and/or reduce vulnerability, Manage risks, Prevent (reduce exposure), Absorb, respond/cope, Adapt to shock-affected scenarios and evolving risk scenarios, Transform the Food System when the current Food System is no longer sustainable

IN WHAT REALMS OF INTERVENTION IS THE SOLUTION DESIGNED TO ACT ON RESILIENCE?

Institutional

WHO ARE THE MAIN ACTORS THAT WOULD PUT THIS ACTION INTO PLACE?

Policymakers (government), Scientists

WHAT IS THE POLITICAL SUPPORT FOR THIS IDEA? DOES THE IDEA HAVE ANY MEMBER STATES OR POLITICAL INTERESTS? ARE THERE ANY STAKEHOLDERS WORKING ON IT?

Many member states have shown interest in ideas to maximise coordination between climate adaptation and DRR, for example via the commitment of several member states to the NAP-SDG-iFrame.

IS THE SOLUTION APPLICABLE AT GLOBAL LEVEL, OR SPECIFIC CONTEXTS & PARTICULAR COUNTRIES?

Global level

WHAT ARE THE KEY ACTIONS REQUIRED TO ADDRESS THIS SOLUTION?

Multi-stakeholder collaboration including member states, UNFCCC, UNDRR to systematically assess and enhance linkages between climate change adaptation and DRR at the global, regional, national and local scales.

ARE THERE ANY FINANCIAL SOURCES / FUNDS THAT IS SUPPORTING THIS IDEA?

The Green Climate Fund could fund this idea.

HOW DOES THIS SOLUTION CONTRIBUTE TO (A) EMPOWER WOMEN AND COMBAT GENDER INEQUALITIES, AND (B) THE FULFILMENT OF HUMAN RIGHTS, ESPECIALLY THE RIGHT TO FOOD AND THE RIGHT TO WATER, (C) MAKE USE OF INNOVATIONS (TECHNOLOGIES, INSTITUTIONS, PROCESSES)?

Gender and human rights are key principles of NAPs and the SENDAI framework on DRR. Both frameworks also consider innovations - of both technologies and institutions - as key levers. Therefore, by enhancing linkages between these frameworks, this solution will contribute to all of gender, human rights and innovation.
